CENTRAL CITY WEST SPECIFIC PLAN

An ordinance establishing the Central City West Specific Plan.

NOW THEREFORE,

THE PEOPLE OF THE CITY OF LOS ANGELES
DO ORDAIN AS FOLLOWS:

Section 1.

ESTABLISHMENT OF THE SPECIFIC PLAN

The City Council hereby establishes the Central City West Specific Plan applicable to that area of the City of Los Angeles shown within the heavy dashed lines on Map No. 1.

Section 2.

PURPOSES

This Specific Plan is intended to:

- A. Implement the goals and policies of the Westlake Community Plan and the Silver Lake-Echo Park Community Plan;
- B. Establish a complete 24-hour community for all segments of the population, with jobs and housing, needed public facilities, recreation/entertainment and amenities, open spaces and pedestrian oriented places;
- C. Regulate all development, including use, location, height and density to assure compatibility of uses, and to provide for the consideration of transportation and public facilities, aesthetics, historic preservation, open space and the economic and social well-being of area residents;
- D. Protect the existing residential community from further displacement, replace dwelling units previously removed from the Specific Plan area, and provide new housing in proportion to the need, by household size and income, associated with the existing community and new jobs generated in the Plan area;
- E. Ensure that affordable dwelling units are provided through the establishment of a Housing Linkage Fee, and through the requirement that all new commercial, industrial and mixed use Projects replace affordable dwelling units demolished;
- F. Ensure that commercial, industrial and mixed use Projects mitigate the impact of their development on the supply of affordable housing stock through the payment of a Housing Linkage Fee and/or the construction of affordable housing within the areas designated by this Specific Plan;
- G. Provide for an improved jobs/housing ratio over that which would otherwise have occurred, through the requirement that housing be constructed commensurate with commercial Projects;

- H. Create new mixed use residential/commercial land use categories, in order to locate housing closer to jobs, reduce vehicle miles travelled and improve air quality;
- I. Provide a comprehensive program of transportation regulations, measures and improvements to ensure that transportation access to the Specific Plan area is adequate to support the level of development permitted by the Plan, as well as to contribute to regional transportation solutions;
- J. Ensure that commercial, industrial and mixed use Projects contribute to the cost of providing necessary transportation improvements through the establishment of a Transportation Impact Mitigation Fee;
- K. Phase commercial Projects over the 10-year life of this Specific Plan, such that the total amount of permitted commercial square footage of Projects per phase is conditioned upon the implementation of transportation infrastructure improvements, together with the development of adequate housing units and publicly-accessible open spaces;
- L. Regulate the number of Single Occupant Vehicle trips to and from the Specific Plan area over time, in order to promote carpooling, van pooling and mass transit usage;
- M. Provide for adequate day-care/child care facilities;
- N. Promote resource conservation through the establishment of a mandatory solid waste recycling program and the incorporation of water conservation measures;
- O. Provide for an expanded and enhanced relationship to the Central Business District and the greater downtown area;
- P. Promote increased flexibility in the design of large sites in order to ensure a well-planned combination of commercial and residential uses with adequate open space;
- Q. Encourage the preservation of historic resources, the creation of cultural facilities and services, and the creation of open spaces;
- R. Provide for more flexibility and precision in the regulation of the height and bulk of buildings.
- S. Establish Phase I development limitations, defining a maximum Approved Permitted Floor Area of 3.35 million square feet of non-residential development and that by-right development may continue to the year 2010 for those individual projects which are consistent with the Specific Plan Requirements and so not exceed the defined Phase I development levels.
- T. Establish that individual project development exceeding Phase I limitations would be permitted prior to completion of the Specific Plan restudy and environmental analysis for Phase II, III, or IV, subject to:

1. The Basic Development Right provisions of the Specific Plan; and
 2. Separate environmental clearance and traffic studies which would include air quality and noise mitigation measures, TIMP mitigation measures, and any other mitigation measures necessary to mitigate the project's individual and cumulative impacts;
- U. Establish that development beyond the year 2010 or Phase I development levels shall require a restudy of the Specific Plan to identify and evaluate applicable development provisions for Phases II, III, or IV and evaluate applicable development provisions for Phase II, III, or IV and concurrent preparation of additional environmental impact analysis relative to these future Phases.

Section 3.

RELATIONSHIP TO PROVISIONS OF THE LOS ANGELES MUNICIPAL CODE

- A. The regulations of this Specific Plan are in addition to those set forth in the planning and zoning provisions of Los Angeles Municipal Code (LAMC) Chapter 1, as amended, and any other relevant ordinance, and do not convey any rights not otherwise granted under the provisions and procedures contained in that Chapter, except as specifically provided for herein.
- B. Wherever this Specific Plan contains provisions which require greater setbacks, greater street dedications, lower densities, lower heights, more restrictive uses, more restrictive parking requirements, or other greater restrictions or limitations on development; or less restrictive setbacks, less restrictive uses or less restrictive parking requirements than would be allowed or required pursuant to the provisions contained in Chapter 1 of the LAMC, the Specific Plan shall prevail and supersede the applicable provisions of that Code.
- C. The procedures for the granting of exceptions, adjustments and amendments to the requirements of this Specific Plan are set forth in LAMC Section 11.5.7.
- D. Site Plan Review Ordinance. This Specific Plan shall serve as a substitute ordinance and process for the requirements of LAMC Sections 16.05 and 12.24 U 14.
- E. Commercial Corner and Mini-Shopping Centers Ordinance. This Specific Plan shall serve as a substitute ordinance and process for the requirements of LAMC Sections 12.22 A 23 and 12.24 W 27.

New Trips are those trips resulting from a Project beyond those generated by the legally established use on the Project lot or lots on the effective date of this Specific Plan (April 3, 1991).
- b. **Annual Indexing.** In order that the Transportation Fee levied pursuant to this Section keeps pace with the cost of constructing the improvements, the fee shall be periodically increased (or decreased) as follows:

The Transportation Fee shall be revised on January 1 of each year by the Department of Transportation according to the annual percentage change in the City Building Cost Index. The revised Transportation Fee shall be published by the Department of Transportation in a newspaper of citywide circulation before January 31 of each year. If the Department of Transportation determines that the City Building Cost Index does not adequately reflect the actual increase in costs, then the Department shall recommend to the City Council, based on a written report, that the City Council adopt different cost figures. Upon receipt of such a report, and after public hearing, the City Council may, by resolution, adopt these different cost figures to be used for adjustment of the Transportation Fee.

c. **Cash Deposit**

- 1) The Project Applicant(s) shall pay a cash deposit equal to 10% of the Transportation Fee, as determined by the Department of Transportation, at the time of application for Project Permit Compliance Review.
