FAX TRANSMITTAL

To Kevin Linquist
TrammelCrow
From Claudia Michaels
Project Name Avenue of the Stars

Description

Kevin,
Please find attached the tree information for the areas of the Avenue of the Stars site that was not included in Envicom's survey. Several trees that are currently on the site still were not shown on BLC's revised survey. I have noted these trees with an (*). Please note that the triangle piece of earth between the drives into the garage at Olympic should be preserved if possible. KPFF currently shows that area to be demolished on their plans.

Please give me a call if there are any questions. Thank you.
