PASSENGER LOADING ZONE

Constellation Boulevard (south side) west of Century Park East

Dear Mr. Nakamura:

Reference is made to your letter of October 18, 2001, regarding the use of the existing passenger loading (white) zone on the south side of Constellation Boulevard between Avenue of the Stars and Century Park East in Century City. Crain and Associates on behalf of the developer of the proposed 2000 Avenue of the Stars project had inquired if this passenger loading zone could be used for valet parking passenger loading and unloading for the project's restaurant use.

This passenger loading zone can be used for the purpose of the proposed valet parking operation for up to three minutes for each vehicle. This is permitted under the Department's Policies and Procedures. No special or additional signs or markings will be installed for this operation.

If you have any questions, please call me at (310) 575-8138.

Sincerely,

Mohammad H. Blorfroshan
Transportation Engineer
Western District
