Welcome to SWIRP - LA's Zero Waste Plan! Please join the hundreds of friends that have joined [Facebook](#) . Read and post comments in regards to City of Los Angeles Recycling programs that will help us reach zerowaste. Remember... It's not a Plan Without You!

For the first time in the history of solid waste planning within the City, Los Angeles is developing the Solid Waste Integrated Resources Plan, also known as "SWIRP". This plan seeks input from stakeholders representing a broad section of the community, from diverse cultural backgrounds and income levels, and will result in the development and implementation of a 20 year master plan for the City's solid waste and recycling programs.

SWIRP will outline the City's objectives to provide sustainability, resource conservation, source reduction, recycling, renewable energy, maximum material recovery, public health and environmental protection for solid waste management planning through 2030 — leading Los Angeles towards being a "zero waste" city.

Achieving zero waste will require radical changes in three areas: product creation (manufacturing and packaging), product use (use of sustainable,

Remember... It's not a Plan Without You!
