

# CANYON HILLS

City of Los Angeles California

## LEGEND

- Impacted Drainages**  
 ACOE: 208 Ac  
 CDFR: 745 Ac<sup>\*</sup>  
\* includes 208 Acres of ACOE
- Preserved Drainages**  
 ACOE: 440 Ac  
 CDFR: 557 Ac<sup>\*</sup>  
\* includes 440 Acres of ACOE
- Grading Area**

- 1st Measurement indicates width of ACOE ordinary high water mark (units in feet)
- 2nd Measurement indicates width of 10:1 streambed (units in feet)
- 2nd Measurement with "R" indicates width of riparian ecology sub-area to CDFR jurisdiction (units in feet)

### Impact to Jurisdictional Riparian Habitats

- Southern Mixed Riparian\* (1.66 Acres)
- S.C. Live Oak Riparian Forest\* (0.4 Acres)
- Southern Willow Scrub\* (1.07 Acres)

### Impact to Non-Jurisdictional Riparian Habitats

- Southern Mixed Riparian (11.96 Acres)
- S.C. Live Oak Riparian Forest (5.56 Acres)
- Southern Willow Scrub (1.26 Acres)

\* The width of jurisdictional riparian habitat impact for Southern Willow Scrub and Southern Coast Live Oak Riparian zones varies from 2 to 1 feet. These widths are difficult to represent on this map. For these two communities, the measurement refers to the "R" width dimensions on the map and is indicated in the legend.
