Dear Mr. Huerta,

I am writing to express my opposition to the Crossroads Hollywood Project that calls for the demolition of 9 historic buildings. As a native Californian, I recognize the value and beauty of irreplaceable, historic buildings that deserve to be preserved, not destroyed. The high rise buildings proposed for this project are immensely large for the area and will create more traffic in this section of Hollywood that is already too strained. These treasured buildings of the past, once lost, are lost forever. I urge you to save these buildings so that future generations can remember our city's unique history and an era of Hollywood that is revered by Americans and people from around the world.

I ask you to please stand in opposition to this project.

Sincerely,

Kelly Bricker
