Dear Alejandro Huerta,

I am writing to ask you to oppose. I support historic neighborhoods and landmarks in the state by opposing these bills. I use this location for music rehearsals and lessons. I've been in this place for

5 years and it has a special meaning to me and the Hollywood music community.

We teach students in the Hollywood area and are located across the street from the High School.

We do not need more apartment buildings and hotels! More hotels and strangers could be dangerous

near the highland school.

It is sad to see speculators destroying historic buildings without the proper checks from the local community and architectural experts. Today's laws do not guarantee helping communities protect their historical treasures and this could mean more cultural losses in the future.

Please oppose this bills, Thank you for your efforts.

Tom Moustos
