Dear Ms. Dierkes:

PROJECT TITLE: PALISADES LANDMARK CONDOMINIUMS PROJECT

The proposed project involves the Los Angeles Police Department's (LAPD) West Los Angeles Area. Enclosed you will find Area and individual Reporting District population, average crime rate per thousand persons, predominant crimes, response time to emergency calls for service, Area personnel statistics and information. The Department's response is based on information received from the Area in which the project is located, LAPD's Information Technology Division and input from Community Relations Section, Crime Prevention Unit (CPU) personnel.

A project of this size would have a significant impact on police services in West Los Angeles Area. The LAPD's Community Relations Section, is available to advise you regarding crime prevention features appropriate to the design of the property involved in the project. The LAPD strongly recommends that developers contact CPU personnel to discuss these features.

Upon completion of the involved project, you are encouraged to provide the West Los Angeles Area commanding officer with a diagram of each portion of the property. The diagram should include access routes and any additional information that might facilitate police response.

Questions regarding this response should be referred to Lieutenant Fred Booker, Officer in Charge, Community Relations Section, at (213) 485-4101.

Very truly yours,

BERNARD C. PARKS
Chief of Police
